## EXPLOSION OF GAS FATAL TO MINERS

**Forty Bodies Are Taken From  
the Shenandoah Colliery.**

**Young Woman of Wheeling Is Burned  
to Death in Room While Friends  
Beat on Door.**

## SAILING VESSELS FOUNDER

Pottsville, Pa., May 15.—An explosion of gas at the Shenandoah City colliery this morning seriously burned 16 men, who have been taken from the mine. Several of them are thought to be fatally hurt.

Pittsville, May 15.—Four bodies were recovered from the Shenandoah City colliery, black damp interfering with rescue work. Forty persons were entombed in this section of the mine where the explosion occurred. A hundred people rushed to the mouth of the shaft looking for loved ones. Police were called and stretched ropes to keep the crowd back. Two hundred and eighty men were in the shaft when the explosion occurred. Many escaped uninjured.

**Girl Roasted to Death.**  
Wheeling, May 15.—Edith Roberts, a beautiful girl, was roasted alive in her country home near here last night, a lamp exploded, covering her with flames. The door was locked and rescuers were unable to reach her. The house was completely destroyed. The body was not recovered.

**All Hands Lost.**  
Berlin, May 15.—Three sailing vessels foundered in a hurricane in the North Sea. The entire crew numbering 73 men, were drowned.

**Horrible Crime.**  
Pensacola, Fla., May 15.—One of the most horrible crimes in the history of this state, if not of the entire South, was committed in Santa Rosa county, ten miles north of Milton last night. An itinerant preacher named Ackerman, his wife and seven children, the eldest about 14 years old, were killed and their bodies cremated in their home, which was fired by the assassins.

**Maniac's Deed.**  
Chamblee, Ga., May 15.—J. H. Clark, a telegraph operator became insane while on duty last night. He armed himself and killed one man and wounded four others. He is still at large, being hunted by a large posse. He wounded three men here then went to Dunwoody and demanded ammunition at a store. He was refused and killed W. J. Cheeks, the merchant, and wounded William Cooker. He has two revolvers, a rifle and a large amount of ammunition.

**To Meet Losses.**  
Milwaukee Fire Insurance Company Issues New Stock.

Milwaukee, Wis., May 15.—Stockholders of the Milwaukee Mechanics Fire Insurance company voted to issue 30,000 shares of new stock at the market price of \$20 a share. It will add \$300,000 to the capital stock and \$300,000 to the surplus, for the purpose of putting the company in shape to meet the losses sustained in the San Francisco fire.

## TObACCO CROp INJURED.

**Cold Weather and Drouth Play Havoc  
With Plants in Montgomery County.**

Mt. Sterling, Ky., May 15.—Tobacco growers are very much alarmed over the outlook for a good crop this year, and are watering beds in order to help plants along and be ready for putting out early in June. The cold weather and drouth have injured all crops to some extent.

## Belligerent Bees Rout Civil Engineer's Corps.

A corps of civil engineers surprised Dr. S. B. Caldwell at his home on West Broadway yesterday, but they had no "edge" on the doctor who enjoyed the satisfaction a short time later of seeing the engineers repaid full measure. The engineers charged on my property, drove stakes, set out monument stones and for a time took charge of my place. Doctor Caldwell stated, "but they changed their route anyway—that is temporarily—and I enjoyed the situation immensely." The engineers were completely routed by bees and they vacated the premises as quickly as they had

The circulation of The Sun for the month of April was 4,018, a day average. Business instinct tells you that it is the paper that tells its circulation daily that merits your confidence.

## BABES EAT STRYCHNINE; DEAD

**Find Box of Pills While at Play—  
Doctors Are Helpless.**

Fort Wayne, Ind., May 15.—Leroy Scott, aged 4, son of R. J. Scott, and Loyal Cornwall, aged 30 months, son of J. F. Cornwall, died today from the effects of strychnine pills. While at play they had found a box of the pills and ate all of them.

## DROWNING YOUTH

**DRAGS RESCUER BENEATH WATER OF CLARK'S RIVER.**

**Father Leaps in and Saves Both Boys  
as Their Struggles Cease and  
They Sink.**

Two boys, sons of Messrs. William Slayes and Marion Johnson, of near Sharpe, Marshall county, narrowly escaped drowning yesterday in Clark's river.

Their parents are farmers but do a little fishing as a side line. They have nets in Clark's river and while they were attending them yesterday morning their sons played on a log at the water's edge. The Slayes youth, 12 years old, fell off the log and went under the water. His companion jumped in after him, but the boy was drowning and hard to manage.

The cries for help brought the farmers to the scene and Johnson jumped in and saved them both just before they gave up. Both boys were pretty well fagged out and their escape was narrow. The Johnson boy was being dragged under the water by the frantic actions of his companion, whom he was attempting to save.

## GREAT MOGUL.

**Gaikwar, Maharajah of Baroda, Arrives  
in New York With Suite.**

New York, May 15.—The second greatest prince of India, the Maharajah Gaikwar, arrived today on the steamship Celtic, from Liverpool. He was accompanied by his wife and brother, Sampatras, who acts as his secretary. The Maharajah, who is the ruler of the State of Baroda, which has an area of 8,000 square miles and a population of 2,000,000 is a direct descendant of one of the Mahratta generals who were the old moguls or rulers of India.

## "ROOTING" FATAL.

**Enthusiast Killed by Cheering Too  
Much for the Home Team.**

Memphis, May 15.—According to physicians who attended Frank A. Webber, who died shortly after being removed from his seat at the local ball park, excessive "rooting" for the home team in the game against Montgomery caused his death. Webber was cheering loudly when he collapsed. He was removed to the hospital, death following within an hour.

## Struck By Lightning.

Muskegon, Mich., May 15.—Four children were asleep in one room at Frank Beattie's home today when the house was struck by lightning. A four-year-old boy and a six-year-old girl were stricken blind by the bolt, and both were burned about the abdomen, while the other two children were not touched.

## Order Courthouse Dismantled.

Central City, Ky., May 15.—The fiscal court of Muhlenberg county authorized the dismantling of the old courthouse, but failed to provide funds with which to build a new one.

## CHARGE ANSWERED IN OPEN LETTER

**President Deals Most Frankly  
With Chandler Episode.**

**Allows Authorized Refutation by  
Senator Lodge to Suffice for  
Tillman's Assertion.**

## VERNON FOR TREASURY BERTH

Washington, May 15.—President Roosevelt in a long letter addressed to Senator Allison, which was furnished to the press from the White House last night answers Tillman's charge. Atty.-Gen. Moody, in a letter to the president, which was published at the same time, is frank in detailing the circumstances of his interviews with Senators Tillman and Bailey.

The president has nothing to say about the assertion of Mr. Chandler that he declared that he did not trust Senators Foraker, Knox or Spooner who were seeking to injure and defeat the bill by ingenious constitutional arguments. He is authority for Senator Lodge's statement that this is a "deliberate and unqualified falsehood." He admits that the conferences were held, but at the request of Mr. Chandler.

## No Amendments.

Washington, May 15.—The session of the senate today passed without an exciting incident or without the adoption of a single amendment to the railroad rate bill, notwithstanding that measure was under consideration practically all the time.

## Recommend Vernon.

Washington, May 15.—The subcommittee of the senate committee on finance, which has been investigating certain charges against Innes B. Vernon, colored, of Kansas, named for register of the treasury, decided to recommend his appointment.

## FATHER GAPON'S BODY

**Believed to Have Been Found in  
Finland.**

St. Petersburg, May 15.—The mystery of the fate of Father Gapon apparently was cleared up today by the discovery of a corpse which was almost positively identified as that of the former priest, hanging in the upper chamber of a lonely villa in the suburb of Ozerki, Finland.

## BIGGER HALE

**Must Answer to Charge of False Pretenses.**

Bigger Hale, colored, who is now serving a six months term in county jail for stealing a pistol, will have to answer to a more serious charge, that of obtaining money by false pretenses. The boy is now charged with stealing George Brown's bicycle and selling it for \$6.

## NO EVIDENCE.

**So Harry Clark Was Dismissed in  
the Police Court.**

Harry Clark, white, charged with stealing \$75 worth of junk from the carnival company, was dismissed in the police court on account of lack of evidence.

Attorney D. A. Cross acted as special judge, Police Judge D. L. Sanders being ill.

## Record for New Laws.

Washington, May 15.—The files of the index clerks at the state department show that the first session of the Fifty-ninth congress has broken all records in the matter of completed legislation up to this moment. Already more than 3,000 laws have been enacted, which is between 700 and 800 more than in any preceding session up to the beginning of May. Only about 250 were general laws, however.

## Goddard Named for Senate.

Providence, R. I., May 15.—Col. R. H. Goddard was nominated by the democratic independent convention today as a candidate for election to the United States senate at the next general assembly to succeed Senator Wetmore.

## Standard Is Solvent.

New York, May 15.—The Standard Oil company today declared a dividend for the quarter of \$9 a share. A previous dividend of \$15 per share was paid March 15. Dividends declared this time last year also were \$9.

## Mexico's Trees Going.

Mexico has awakened to the fact that unless vigorous measures are taken to prevent the wholesale destruction of her forests the country will soon be treeless.

## ORDER WILL STAND AGAINST THE CITY

**Judge Evans Refuses to Dis-  
solve Temporary Injunction.**

**East Tennessee Telephone Company  
Is Victor in Initial Step of  
Litigation.**

## MOTION ARGUED THIS MORNING

A message received today from Louisville by the law firm of Wheeler, Hughes and Berry, representing the East Tennessee Telephone company, states that Judge Evans, in the federal court, has refused to dissolve the temporary injunction, restraining the city of Paducah from interfering with the operations of the East Tennessee Telephone company in this city.

This injunction was granted at the last term of court in this city on application of the telephone company, after the city had commenced proceedings to oust it. James Campbell, city solicitor, and Hal Corbett, attorney for the city, were in Louisville today arguing the motion.

The matter of making the injunction permanent or finally dissolving it will not be considered until all the facts are before the court.

## FIRST SERMON.

**Preached By Geronimo Recommends  
Season of Prayer.**

Lawton, Okla., May 15.—On Fort Sill military reservation Sunday the famous Apache warrior, Geronimo, preached the initial sermon of his ministerial career. It lasted fully 30 minutes, and at its close 20 or 30 members of the congregation gathered around the preacher and congratulated him.

Geronimo's text was: "The Lord is My Shepherd; I Shall Not Want." He recommends a season of prayer and supplication that the president may grant his tribe liberty.

## AFTER MOB.

**Chattanooga Judge Charges Grand  
Jury to Indict Lynchers.**

Chattanooga, Tenn., May 15.—Judge S. D. McReynolds, of the criminal court, delivered a strong charge to the grand jury at the opening of the May term this morning, in which he urged the jury to return indictments against the members of the first mob which attacked the county jail in March and the second mob which lynched Ed Johnson on the county bridge a few weeks following.

## ANOTHER RESPITE

**Thirty Days More Granted Patrick  
by Governor Higgins.**

Albany, N. Y., May 15.—Governor Higgins granted an additional respite of 30 days to Albert T. Patrick convicted as the murderer of William M. Rice. That is the third time Patrick's execution has been stayed by a respite. This postpones the date of execution to June 18.

## STREET CAR STRIKE.

**May Be Precipitated in Chicago First  
of June.**

Chicago, May 15.—More than 2,000 employees of the traction lines surface and elevated, either are negotiating with the employing corporations for increased wages or are on the point of filing demands. Lines in every section of the city, excepting those on the south side, are facing probabilities of a strike June 1.

## Kentuckian in Trouble.

Hopkinsville, Ky., May 15.—News has been received here of a sensational shooting at Poughkeepsie, N. Y., in which Dabney Watson of Pembroke, in this county, was the principal. The report which was received here states that Watson entered a billiard room where Ross C. Sawyer of Key West, Fla., was sitting, and, whipping out a revolver, fired at Sawyer, the bullet going wide of the mark.

## Dowie's Creditors.

Chicago, May 15.—A flock of Dowie's creditors swooped down on Judge Landis' court today. The judge asked three factions interested in the fight, Dowie, Voliva and Granger, to select the men they deemed best fitted, the court to decide who shall take charge of Zion properties and administer them under the protection of the court.

## Grain Market.

Chicago, May 15.—Wheat, \$2.82 1/2; corn, 48 1/2; oats, 32 1/2.

## SCOUR MOUNTAINS.

**Native Volunteers of Samar Are Cap-  
turing and Killing the Fanatic  
Outlaws.**

Manila, May 15.—Superintendent of Schools Hoover of Samar, and several native officials of the island have arrived on the way to Baguio, province of Bengue, the summer capital, to visit Governor General Ide. Mr. Hoover says 95 percent of the natives of Samar are anxious for the extermination of fanatics and the establishment of absolute peace. The native officials, he says are organizing a band of volunteers who are scouring the mountains, guarding the trails and capturing or killing the outlaws. It is estimated that three hundred Pulaianes still remain in the mountains.

## ATTACK ELIGIBILITY

**REPUBLICANS CLAIM THAT HARRIS  
IS NON-RESIDENT.**

**Democrats May Have to Nominate  
New Candidate in Kansas as He  
Cannot Qualify.**

Topeka, Kan., May 15.—Republican leaders claim to have discovered that former Senator W. A. Harris candidate on the democratic ticket for governor is not a citizen of Kansas, that he cannot vote here and he is not eligible for the governorship. It is claimed by them that Mr. Harris has not paid any taxes and has not voted in this state for six years, and that by a provision of the constitution he thus has forfeited his former citizenship. If the allegations of the republicans are sustained a new candidate will have to be put in nomination because there is said to be no way by which the candidate can regain his citizenship before election day. Former Senator Harris is now living in Chicago, where he has been for several years.

## COINCIDENCE.

**Opening of Saloons and W. C. T. U  
Anniversary.**

Kansas City, Mo., May 15.—A service in celebration of the twenty-fifth anniversary of the passage of the prohibition law in Kansas was held Sunday in Kansas City, Kansas. W. C. T. U. workers participating. A coincidence was the fact that 180 saloons of the city were wide open for the first time in months, made possible by the fact that Mayor W. W. Rose, recently ousted from office for the non-enforcement of law, only last week took his seat again after being re-elected at a special election.

## SOUTHERN BAPTISTS

**Decry Lynching and Ask More String-  
ent Enforcement of Law.**

Chattanooga, Tenn., May 15.—At 10 o'clock last night the Southern Baptist convention adjourned, after the largest and most important meeting in its history. The last few hours of the business session in the afternoon were occupied in the conclusion of many important matters including the election of members of the Sunday school, home mission and foreign mission boards.

At the afternoon session resolutions were adopted decrying lynching and proposing as a remedy that the laws for the punishment of all classes of criminal assault should be made stronger and that they should be enforced. The resolution called on all Baptists to assist in the preservation and enforcement of the laws.

## Corpse Used as Pillow.

Jackson, Ky., May 15.—Bill Griffin, a negro, shot Dr. Strong, another negro, here today and deliberately went to sleep with the corpse for a pillow. Griffin was beating his wife and Dr. Strong answered her cries for help. As he entered the door Griffin shot him.

When the officers reached the scene Griffin was lying on the floor fast asleep, with his head resting on the corpse.

## CupidLaughs at Distance, as Well as Locksmiths.

On No. 4, the north bound M. & O. passenger train Sunday night, while speeding through South Madison near the town of Pinson, at a rate of 40 miles an hour, Mr. E. S. Matthews and Miss Dora McGee, of this city, were united in marriage. Rev. J. V. Kirkman, of Fulton, Ky., officiated at the sensational matrimonial contract and Conductor Walter R. Stout acted as extempore best man. The license for the young couple was secured in Jackson Saturday. There were some parental objections, it seems, and they decided to have the knot tied at Corinth on Sunday night. Accordingly they repaired on the south bound train to the Mississippi city and found to their dismay that the Jackson license was no good in Mississippi. They were not to be bluffed, however, and boarded the train northward bound an hour or two later. A minister, Rev. J. V. Kirkman, of Fulton, Ky., was on the train and his services were secured after a little persuasion.— Jackson Sun.

## COMMERCIAL CLUB DOES GREAT WORK

**Brings City Officials and Busi-  
ness Men Closer Together.**

**W. A. Robinson Believes Such an Or-  
ganization Gives People Voice  
in Public Affairs.**

## SPEAKS ON TAXATION TONIGHT.

"A man owes something to the town he lives in," said W. A. Robinson, of Louisville, who arrived this morning to attend the council of the Episcopal diocese and will deliver an address at The Kentucky tonight on "Taxation" under the auspices of the Commercial club.

"The best way I know for a man to pay that debt is to join a commercial body of representative business and professional men. By all working together for the betterment of the city, the citizens can accomplish more than by each one endeavoring by his own unaided individual efforts to bring about results.

"To my mind, one of the most beneficial results accomplished by the Commercial club in Louisville was bringing into closer relationship the city officials and the business men. They work in harmony in Louisville and the business men through the organization always have a voice in public undertakings.

"I believe the Commercial club is the solution of the problem of how to keep the business men actively interested in municipal affairs. Those who do not take advantage of the opportunity of joining such an organization are missing their chance to take part in a work of progress. If any citizens disagree with the policy of the organization, they should join it and help to correct its faults.

"We had a difficult time starting the club in Louisville and I can remember when a few of us gathered in a little room. Now it takes a large auditorium to accommodate the enthusiastic crowd.

"Just as an instance of what such an organization can accomplish I will relate an experience I had. My foreman introduced me to a gentleman from Greenfield, O., who was going South to locate a cotton mill. I spent an afternoon with him showing him over Louisville, and I introduced him to members of the Commercial club. My efforts were unavailing. He went further South and I considered my time wasted. A few months later another gentleman from Greenfield, O., entered my office with a letter of introduction from the first comer. The last one was looking for a location for a factory and my chance acquaintance had recommended Louisville on account of what I had shown him and what he had learned at the Commercial club. The Commercial club of Louisville has done more for the development of the city than any one other factor."

Mr. Robinson, who is a patriotic son of Kentucky, has made a close study of the taxation question and will deliver a free lecture tonight at the Kentucky theater on this subject.

Hon. Wheeler Campbell, whom Mr. Robinson heard speak on the subject in Frankfort, will deliver an address tonight at the request of Mr. Robinson.

## UNDERGROUND TROLLEY.

**Fight Ended by Permission to Erect  
Poles on Cable Lines.**

San Francisco, May 15.—Late Monday the supervisor granted the United railroads permission to erect trolley poles and wires on all cable roads throughout the city. This action terminates the long fight over the underground trolleys.

## Vote for Sea Level Canal.

Nashville, Tenn., May 15.—United States Senator E. W. Carmack, before leaving last night for Washington, said: "I am in favor of a sea level canal, and as Senator Morgan succeeded in having the committee postpone action until Wednesday, I will be in Washington in time to vote."

Vincennes at Jacksonville.

The Indians "came out of it and fought the Hoosiers all over Wallace park baseball grounds yesterday afternoon. It looked like a shut-out for the Hoosiers, but Empire Bush gave them a run and saved the humiliation of a complete whitewashing.

We say "gave them a run," because this is the only way the Hoosiers got it. The play was so clearly seen by the grandstand that no question arose as to whether French had slid in and made safe; and when "safe" was heard above the applause for the play, which supposedly cut off the run, the fans nearly dropped dead.

Col. John Thrantham was in the grand stand and an explanation of his views of such matters is unnecessary. Suffice it to say that "His Umps" Bush "got his" and then "came more."

## The Game.

The Indians scored one in the first and another in the fourth inning the latter being earned. The Hoosiers scored one in the sixth inning.

In the first inning Gilligan missed three and McClain hit to Barbour, Barbour fumbled and "Brownie" made safe. Haas singled and McClain scored, Haas being retired.

while trying to steal. Wetzel fled out, retiring the side.

In the fourth inning the Indians hit out another run. Wetzel fled out to left field and Taylor singled to right. Perry singled to left field and Taylor scored on Miller's single to left center. Nippert fouled out to Mattison and Fred Miller's fly out to Mitchell retired the side.

In the sixth inning the Hoosiers received their gift in this way:

French singled to left and was sacrificed by Burson. Wilkinson was retired by Miller to Haas and while Donovan was at the bat, Nippert let a low shoot get away. He ran back and fielded the ball to Fred Miller, who covered the plate. Miller tagged French two feet to the good, and this could be seen clearly in the grand stand. Bush was right there but he yelled "safe."

(Jeers, ridicule and everything tough possible to say, from the grand stand.)

After this the game was tame, except in one or two instances when the Hoosiers got men on bases.

## Heard in the Tepees.

Miller deserved a shut out yesterday.

The Hoosiers could do nothing with the big Southpaw's delivery yesterday.

Taylor and Wetzel seem to have gotten their eye on the ball again.

Wilkinson made a good fast double yesterday unassisted.

Mitchell seems fast, but he is uncertain. He piled up several bad errors this series. He is not the player Harry Cooper is.

Cairo, our old rival today.

The Indians will play harder ball these three games than ever before this season.

South's wing seems to be getting better.

Tadlock will do the throwing today and Ames tomorrow.

Tuesday, Wednesday and Thursday in Paducah, and Friday, Saturday and Sunday in Cairo. The Indians will be well supported in Cairo Sunday, a large crowd is preparing to go down to root the home team into victory.

The Bloomer Girls baseball team passed through Paducah yesterday en route from Metropolis to Eddyville. At Metropolis the team was defeated 8 to 1 and today will meet the team at Eddyville. The Bloomer Girls are playing good ball. They will play the L. A. L. team of this city Sunday at Wallace park.

## ALUMNI

WILL ENTERTAIN GRADUATES IN  
EAGLES' HOME JUNE 8.Committee on Arrangements An-  
nounces Preparation Under Way  
for Event.

The High school alumni will entertain the graduating class of 1906 on the evening of June 8 at the Eagles' Home. The matter was referred to a special committee, Mr. Richard Scott, chairman, at a recent meeting, and arrangements are under way. Refreshments and a musical program will be features of the reception.

This is one of the many social features the association intends to inaugurate this summer, and the popularity of the association doubtless will grow. The membership gradually is increasing, and many new members will be secured from the graduating class of 1906.

## Miss Bagby's Reading.

Miss Aline Bagby has been requested to give a reading to the High school Friday morning. Miss Bagby's readings are always enjoyable features, and she has appeared several times this season before the school in the morning feature exercises.

## READY FOR SHOOT.

Members of Rifle and Pistol Club Practice Daily.

Members of the Paducah Rifle and Pistol club are making extensive preparations for the team shoot to be held May 30 at the fair ground range. The members of both teams are working overtime in practice shooting and will be prepared to give lively competition. The shoot will decide the strongest members of the club, who will be organized into one team to participate in the summer tournament to be given in the near future.

Medals for prizes have been ordered, but cash prizes will be offered in the tournament events.

SUMMER THIS SUMMER  
IN COLORADO

Many people put aside all thought of an outing in Colorado because they are accustomed to consider this greatest of American play grounds as one of those impossible things beyond their means. Time was when a visit to the "top of the continent" was a great luxury, as high in price as in altitude, but not so today.

You can spend the summer or a part of the summer in Colorado and live as reasonably as you do at home, and the quick service and low tourist and excursion rates afforded via Rock Island lines bring the Rockies within your easy reach.

## INCREASE IN PAY FOR SECTION MEN

Ten Cents More Per Day and  
One Hour Less of Work.

Louisville Division Employees Now  
Receive \$1.20 for Eleven  
Hours' Work.

### TENNESSEE CENTRAL STRIKE

Every section hand employed on the Louisville division of the Illinois Central railroad was given an increase in wages effective at once. This is the result of the strike that has been on for several days on the Louisville district of the Illinois Central, and it has been anything but a pleasant experience to the railroad company.

The increase amounts to ten cents a day with one hour less to work. This is a double increase and is satisfactory to the section men who have returned to work.

The trouble originated on the Nashville division where Italians were employed in the improvement work on the Tennessee Central portion of the division. They struck for more pay and got it. The spirit moved to the Louisville division and on the Louisville district, between Central City and Paducah, the road experienced trouble beginning over a week ago. At one time the entire district, it is said, practically was idle, the men refusing to work for the scale then in effect.

Section employees have been receiving \$1.10 a day, working from 6 in the morning until 6 at night or from 7 in the morning until 7 at night. The working day is now from 7 in the morning to 6 in the evening. The rate is \$1.20 for the eleven hours.

The increase effects several hundred section men, the Paducah district, from Paducah to Central City included, and will amount to a great deal. The Paducah district section hands did not strike, however, but were included to prevent any such trouble.

## PILES CURED

As Easily As a Cough; Painlessly,  
Quickly and Without Cutting.

Trial Package Mailed Free.

The agony and suffering in piles is so great that if a surgical operation was a certain cure (which it isn't) and there was no other means of relief some persons might be willing to take the chance of blood poisoning or lockjaw.

But, now, that the Pyramid Pile Cure has been discovered and has been proven to be a quick and certain means of relief and lasting cure, there is no excuse for risking your life.

Does Pyramid Pile Cure give immediate relief? Does it cure? Try it and prove it to yourself as thousands have done before you. Then go to your druggist and get a 50 cent box and complete the cure.

Pyramid Pile Cure will cure you and do it with a certainty and a rapidity that will astonish you.

Take, for example, the case of Mr. Benjamin Shaw, postmaster of Bland. We quote his own words in his letter of October 31, 1905: "I was in great agony of mind and body. In the meantime, a gentleman told me of the virtue of your Pyramid remedy. I fortunately found it at a drug store, and by the next morning I did not feel that any operation was necessary, and in three days I was able to return home and a complete cure was accomplished to my great satisfaction and the surprise of the physician."

For a trial package, send your name and address to the Pyramid Drug Co., 4619 Pyramid Building, Marshall, Michigan, and you will get a trial package by return mail. No marks.

### STANDARD OIL.

Investigation Will Be Resumed at  
Cleveland May 24.

The investigation of the Interstate Commerce commission into the relations between the Standard Oil company and the railroads was concluded in Chicago yesterday and will be resumed in Cleveland May 24.—F. S. Hibbs, of Peoria, who was for thirteen years in the employ of the Standard Oil company, was the chief witness of the day. He told how the agents of the oil company were accustomed to trick customers into thinking that the product of their company was superior.

### CONTRACTOR

Must Complete Work or Board Will  
Take It in Hand.

The Board of Public Works intends to push the completion of pavements on Kentucky avenue and Jefferson street from First to the limits where the sidewalks have been torn up. The work was suspended last winter after Contractor Bridges & Sons had torn up the brick and made excavations. The work ceased here and has not been touched. The contractors are working in the Harahan addition and the board of public works will adopt a resolution to instruct the contractors to take immediate charge and complete the work. Otherwise, the board will take it in hand and do the work itself at Contractor Bridges' expense.

### Hotch Potch.

Hotch potch is an old-fashioned Scotch dish, made in the spring, when there are plenty of fresh vegetables. It is a thick puree-like soup. It may be made from either fresh or cooked meat. This is one way of making it. Three or four pounds of loin chops are put into a saucepan with about three quarts of boiling water. Peas, haricot beans, carrots, half a turnip, parsley, a little bit of cabbage and some green onions are added. Boil this very slowly with pepper and salt. It should be thick broth when done.

### Bar Association Meets.

The McCracken County Bar Association held a meeting last night at the court house to hear the committee's report relative to investigations of members alleged to be guilty of unprofessional conduct. No facts concerning the meeting were given out, but it was well attended and lasted some little time. It is said that if charges are sustained in the preliminary investigation, the matter will be made public when the trial of the accused is held in court for disbarment.

### Commissioners Adjourn for Lack of Quorum.

The board of fire and police commissioners met last night at the city hall but adjourned until May 25 there being no quorum present. Only Commissioners Bonds and Clark were in attendance.

There are several appointments to be made and some routine work to be gone over but this demands no immediate attention.

### Presbyterian General Assembly.

The general assembly of the Presbyterian church will meet in Des Moines, May 17. Reports of various committees will be submitted and addresses will be delivered by prominent ministers.

## NEW CINDER PITS AND YARD SCHEME

Re-arrangement of Tracks Will  
Facilitate Traffic.

Visits of Machinery Superintendents  
Bear Fruit in Improving Illinois  
Central Terminals.

### PROMOTIONS IN LOCAL SHOPS

The visit of Mr. William Renshaw, superintendent of machinery of the Illinois Central several weeks ago and the several subsequent visits of his assistants, Messrs. Joseph Baker and J. G. Nuffer and Mr. H. R. Sanford, first assistant principal engineer, bear fruit. Paducah shops and yards are to receive improvements and at once. This was announced this morning and will mean another economic move in engine movements and the disposition of cinders from the pits in the shop yards.

A new set of cinder pits will be installed and a rearrangement of tracks made in the shop north yards. This step is taken to facilitate the cleaning of engines and preclude blockades in the shop yards by switch engines and incoming and outgoing engines in passenger service.

A great deal of time is consumed in shoveling cinders from the pits. The new pits will be built on different lines. Cinders are dumped and raked from fire boxes into an inclined pit and the cinders removed by means of a locomotive crane. The crane will be similar to those supplied on gravel diggers and the accumulations of 24 hours can be removed in one hour.

A rearrangement of tracks in the yards will be made. Two tracks will be set aside for "leads" one to be used for all engines coming from the Illinois Central depot to the round house and for north bound trains. These are not to be used by switch engines.

Another track will be used for the cinder pit and will preclude blockades and delays to engines being cleaned and also to switch engines working in the yards.

These improvements will save the road thousands of dollars in the course of a few years, and will be made at once, it is officially stated.

### FORMER CITIZENS

Should Be Invited to Attend Home  
Coming Celebration.

W. T. Anderson of Arcadia, is one of the public spirited men who has taken the time and trouble to think of out of the state Kentuckians who might be induced to visit Paducah after attending the Home Coming celebration at Louisville. Mr. Anderson gave several names to Secretary Coons, of the Commercial club, and the latter has communicated with them. There are a great many former residents of McCracken county who are living in other states and who would be glad to become the guests for a day of Paducah. On June 19th, the Home Coming celebration will take place in this city.

## Daily Thought.

"The success of the man who 'begs at the bottom and works up' is due to his knowledge of the whole business."

## CARL SCHURZ, REVOLUTIONIST.

A born revolutionist, Carl Schurz proved true to that calling during his whole European career. Nor did he cease to be a revolutionist, under other forms, of course, in his American life. Born in 1829, at Bonn, the classic city of Rhenish Prussia, famed for its university and its historic minister, young Schurz received a thorough educational training in his native city. But in the quiet, beautiful little city on the Rhine, the five towers of its historic cathedral ever pointing upward and seeming to draw all thought away from concerns of earth, young Schurz felt keen touch of sympathy for the great world outside, struggling, striving and suffering for reform. In his walks through peaceful streets or adjacent rural roadway; in his daily meditations at home or in favorite haunts of student life; in speech with friend and sympathizer, he nurtured and strengthened his inborn and irrepressible love of liberty. That love of human betterment swelled within his ardent soul till it found expression.

Establishing a revolutionary paper at Bonn was his first step. Then came participation in revolutionary movements in 1848-49, for which he had to fly to Switzerland. He was next heard of as a newspaper correspondent in Paris in 1851. For a time he fought off hunger in London with varying success, till in 1852 he decided to come to America. Settling at Watertown, Wis., he became at once prominent in national and state politics. The Republican party was just a-borning, and Schurz, with his zeal for liberty, equality and fraternity, could belong to no other. There was revolution at hand. The Constitution of the Fathers had to be rewritten and reinterpreted by the light of camp fire and the glare of artillery charge. So conspicuous did Schurz soon become in the activities of the Republican party, which, through a mighty revolution, was to save the union, that in 1857 he ran as Republican candidate for lieutenant governor of Wisconsin.

Defeated for that office, he took prominent part in the Republican national convention of 1860. Taking active part in the war, he fought at Bull Run, Chancellorsville and Gettysburg. He had been made major general March 14, 1863. Becoming editor of the St. Louis Westliche Post in 1867, he was elected United States senator from Missouri, 1869, and served a full term of six years.

His revolutionary bent asserted itself in 1872, when he repudiated the leadership of Gen. Grant for that of the great editor, Horace Greeley. Supporting Gen. Hayes for the presidency in 1876, he became secretary of the interior in 1877, discharging the duties of that office with much success till 1881. Kicking over the traces again in 1884, he refused to support Blaine, but in the first free silver campaign, stood by Major McKinley. In the second he supported Bryan, and in the last campaign

strenuously opposed Theodore Roosevelt.

With all his revolutionary disregard for party discipline Mr. Schurz must be, however, set down as a statesman, of ability, initiative and estimable leadership, but like all revolutionists, a better thinker than doer. —Louisville Herald.

The Island Creek bridge was brought again to the attention of the board of aldermen last night by petition. The people of Mechanicsburg need the street car service, and it is to be hoped the city and the street railway company can agree in the near future on their proportionate shares of the expense of constructing the bridge. A great many things enter into the problem of apportioning the cost. The city will have to build a bridge, anyway, and might as well make a substantial one. The street railway company derives direct profit from the line and very properly offers to assume a portion of the burden. Then again the street car service is a benefit to the workmen and residents in Mechanicsburg, which they probably feel should be reckoned in the estimates of the expense of building the bridge. It is not always easy to determine just how much of the value of a public utility franchise is offset by the advantages of the service to the public. The residents of Mechanicsburg could throw some light on the last half of the equation.

Those farmers who hesitated to join in the movement to raise a certain acreage of garden truck, inaugurated by the county institute, can read their answer in the statement of Mr. Saunders A. Fowler, who has found an unlimited market for strawberries in Chicago. It will be the farmers themselves, who will lose most heavily if the work of the farmers' institute is a failure through the fault of the farmers. City men, admittedly, expect to profit from the venture, but only indirectly by making the farmers, and consequently the community, prosperous. The farmers' institute is an organization of the farmers, for the farmers and by the farmers, and the participation of the Commercial club in its organization is only another proof of the broad scope of the Commercial club's activities. It is with the farmers, after all, that the responsibility for the fate of the farmers' institute rests.

A man named Goodpaster was acquitted of murder in Kentucky yesterday. Had the charge been assault and battery, the burden probably would have been on Goodpaster to prove there is nothing in a name.

If the proposed soap fat rendering factory is established in connection with the incinerating plant for indigent canines, it will enable many reputed masters to literally wash their hands of their children's pets.

Over the head of Carl Schurz's grave can be graven this inscription: "Here lies an honest thinker."

While Americans take great pride and pleasure in being called "a strenuous people," it is perhaps not generally appreciated that a great many injure themselves physically—wreck nervous systems, invite premature wrinkles, gray hairs and infirmities by the hurry, worry way in which they live, neglecting in many instances proper care of the body and letting the real pleasures of life escape as a forfeit. Unrestrained strenuousness means neurasthenia ultimately.

Neurasthenia is nerve-exhaustion and that means inefficiency of the body to carry on vital functioning. Nerve centres lag; debility ensues; listlessness and fatigue reign. Pain may be felt in the back; fullness or pressure at the top of the head; sleep is broken and without refreshment; digestion notably is weak and loss of appetite, constipation and distress after eating are the rule. The headache of neurasthenia is like a band around the head; ordinarily is worse in the morning and better towards the end of day, and is probably the most common of all headaches which come for treatment.

Now, drugs do not help neurasthenia; that is admitted; and physicians have long been accustomed to send their neurasthenics away from the cities to the mountains, seashore, abroad or anywhere to find new scenes and enjoy tranquil restoration. But that is expensive and there is a surer, quicker and better as well as less costly way—Osteopathy.

Osteopathy cures neurasthenia, which is but another name for nervousness, by stimulation to the nerves and the circulation.

I can show you to your satisfaction in a very few minutes why osteopathy is the same rational cure for ALL diseases of the nerves.

Come to see me at any time between the hours of 9 and 12 in the forenoon and 2 and 5 in the afternoon. Dr. G. B. Froage, 516 Broadway. Phone 1407.

## Treasurer's Injuries Not Serious.

Paris, Ky., May 15.—State Treasurer Henry M. Bosworth, who was injured in a fall caused by his horse running away Saturday night, is much improved.

## BARGAINS IN MEDICINE.

A woman once wrote us that she was not going to buy Scott's Emulsion any more because it cost too much. Said she could get some other emulsion for less money. Penny wise and pound foolish. Scott's Emulsion costs more because it is worth more—costs more to make. We could make Scott's Emulsion cost less by using less oil. Could take less care in making it, too. If we did, however, Scott's Emulsion wouldn't be the standard preparation of cod liver oil as it is to-day.

## QUIET DAY

## JUDGE REED ADJOURNS CIRCUIT COURT EARLY IN MORNING.

News and Notes Gathered in the Public Offices At County Court House.

There was little business before Judge Reed in circuit court today. He finished the day's session by 9 o'clock this morning. In the case of the Mechanics' and Farmers' Savings bank against J. L. Friedman and others, a verdict for the defendant was returned on peremptory instructions. The plaintiff sued on a bond to indemnify a loss.

The case of Wm. Powley against the Paducah Co-operative company was continued. Powley sues for damages for personal injuries.

Roy McKinney, Joe Klein and C. A. Torrence were excused as petit jurors.

Gus G. Singleton, W. B. Walters and Robert Graham were substituted.

## Circuit Court.

In the case of Charles C. Parker against the Paducah Traction company a judgment for \$51 was filed. Parker's wagon was struck by a street car on South Sixth street and damaged.

## Bankruptcy Court.

This morning checks were mailed to creditors in the H. T. Hessig bankruptcy case, the first dividend made in one of the most interesting cases ever in this court.

The Hessig troubles began several years back and finally landed in the bankruptcy court. After much litigation the case was brought to a head and this is the first definite action towards a settlement. The dividend amounts to 10 per cent, and the case is just one year old this week.

## County Court.

A final settlement was made this morning in county court by the estate of John L. Powell, deceased. The wife, Mrs. Katie Powell, was executrix, and the estate was provided for in the will. The settlement this morning was a formality and closes the case as far as legal proceedings in court are concerned.

H. Smedley, J. M. Lang and H. W. Hills were appointed appraisers of the state of Elihu Harris, deceased.

The report of the "Viewers" in a road petition was filed in county court today. The report deals with a road proposed between Pines gravel road and the Blandville road. The viewers state that it will be of great convenience, making a road clear across the county by building this one little piece. The court has not acted but from indications will order it established and worked.

## Suit Against Officer.

W. A. Mundy and others, officers in the Fitzhugh Lee lodge No. 536, Brotherhood of Railway Trainmen, today filed suit against J. S. Taylor in county court for \$177.50 claimed to be due because of an alleged shortage in accounts when the defendant was acting as treasurer for the lodge. The petition states that Taylor was at one time financier for the lodge and was short over a hundred dollars. He gave his note for the amount but has failed to settle. The suit is for the original shortage and interest.

## Articles of Incorporation.

Amended articles of incorporation of the Paducah Brewery company were filed this afternoon. The amendments increase the capital stock from \$60,000 to \$100,000, divided into 100 shares and also give the board of directors power to issue bonds not exceeding \$100,000.

## In Bankruptcy.

William W. Ayers, of Faxon, Calloway county, this afternoon filed a petition in bankruptcy, scheduling liabilities amounting to \$5,195 with no assets. Several Paducah firms are creditors. Among the heaviest are Weeks Bros. & Co., \$648; Hecht Bros. & Co., \$856; S. Fels & Co., \$1,059 and Geo. O. Hart, Sons Co., \$120. W. C. O'Bryan deeds to J. B. Sedberry, for \$65, property in the O'Bryan addition.

Lots of men have Heaven to thank for a wife who is generous enough to let them eat with the rest of the boarders.

## THIRTEEN FREIGHT CARS BROKEN UP

Costly Wreck Near Heath Caused by Defective Flange.

Merchandise and Oil Scattered Over Tracks and Right of Way Blocked to Traffic.

WRECKING CREW IS AT WORK

One of the most disastrous freight wrecks of the year occurred on the Cairo extension of the Illinois Central road this morning between 6 and 7 o'clock. Freight train No. 952, a fast through freight, was wrecked, and the track blocked for hours. The accident proved damaging to the road in both loss of freight, damage to rolling stock and delay in passenger traffic.

Freight train No. 852, engine No. 5, in charge of Engineer Robert Bean, Fireman Harper and Conductor Burkham, was derailed at Heath, Ky., a small station a few miles west of Grahamville, 16 miles from Paducah. The accident was due to a broken flange. It is thought, or a bad piece of track. The engine remained on the rails, but thirteen cars left the tracks and merchandise was scattered to the four winds.

One tank filled with oil was relieved of its contents. A large hole was knocked in the bottom and the oil spilled out and spread over the ground for many yards. A car of oats was broken to pieces, and also a car of wheat. One or two cars of miscellaneous merchandise were broken up and the contents scattered along the track for some distance. The rails also were torn up.

The local wrecker was dispatched to the scene and began working on the wreck before 8 o'clock. It was impossible to clear the tracks before noon and passengers were transferred from one passenger train to the other. The delay occasioned no little inconvenience to many passengers en route to the city to catch the early Louisville accommodation.

It is impossible to estimate the exact damage done in the accident, but the loss in rolling stock, the smashing up of thirteen freight cars, will amount to several thousand dollars. The loss of merchandise and oil also will bring the figures up into the thousands.

This afternoon the wrecking crew was still working and by night the tracks will be clear and traffic resumed.

An investigation of the cause will be held in Paducah this week. No one was injured in the accident.

## NOT HIS FATHER.

John D. Rockefeller Denies Any Relationship to Dr. Livingston

New York, May 15.—John D. Rockefeller tonight authorized the unequivocal statement that Dr. William Livingston, who died, aged 96, on Friday night at Freeport, Ill., was not his father.

"Mr. Rockefeller," said the butler to the reporter, "authorizes me to state that his father William Rockefeller, died before John D. Rockefeller, Jr., was born. Mr. Rockefeller also says that he never knew the Illinois doctor and never heard the name mentioned until the papers came out with stories to the effect that he was Mr. Rockefeller's father."

## Sanitation Hints.

Good sanitation for 1906 should be your motto.

Clean your premises, keep them clean and sprinkle with lime.

Screen your doors and windows and keep out the housefly, the most dangerous of pests. It carries disease and infection.

The most effective money spent in advertising Paducah will be that spent in cleaning and draining it. Every citizen can help to do this, in their own way.

No mosquitoes, no malaria. A clean city no danger of yellow fever and typhoid.

A Central Park for a good morning breath.

## Weak Women Made Strong, Sick Women Made Well.

IN the above eight words is summed up the great work for women which is accomplished by Dr. Pierce's Favorite Prescription.

The record of cures effected by this remedy is without a parallel. Thousands of testimonials received from patients and from physicians who have tested it in the more aggravated and obstinate cases which had baffled their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women.

It is composed wholly of medicinal principles extracted from the roots of native, American forest plants, pure triple-refined glycerine of proper strength, being used instead of harmful alcohol both in extracting and preserving these medicinal principles.

### IT IS A POWERFUL INVIGORATING TONIC,

imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out," "run-down," or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

### AS A SOOTHING AND STRENGTHENING NERVE,

"Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the organs distinctly feminine. It induces refreshing sleep and relieves mental anxiety and despondency.

### CURES OBSTINATE CASES.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhoea, excessive flowing, painful periods, unnatural suppressions and irregularities, prolapsus or falling of the pelvic organs, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the uterus, inflammation, pain and tenderness over the ovaries and kindred ailments.

### FREE CONSULTATION.

An invitation is extended by Dr. Pierce to every sick and ailing woman to consult him by letter. There is absolutely no charge or fee for this consultation. Every letter is carefully considered, fully answered, and its statements held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

### THE BADGE OF HONESTY.

Each bottle of the above medicine bears upon its wrapper a badge of honesty in the full list of ingredients composing it—printed in plain English. This frank and open publicity places this medicine in a class all by itself. It cannot be classed as a patent nor secret medicine for it is neither—being of known composition.

### DR. PIERCE'S PLEASANT PELLETS

cure biliousness, sick and bilious headache, dizziness, costiveness, or constipation of the bowels, loss of appetite, coated tongue, sour stomach, windy belchings, "heart-burn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels.

One little "Pellet" is a laxative, two are cathartic. They regulate, invigorate and cleanse the liver, stomach and bowels. As a "dinner pill," to promote digestion, take one each day. To relieve the distress arising from over-eating, nothing equals one of these little "Pellets." They're tiny, sugar-coated, anti-bilious granules, scarcely larger than mustard seeds.

### HEALTH AND HAPPINESS.

How to live in health and happiness, is the general theme of Dr. Pierce's Common Sense Medical Adviser. This great work on medicine and hygiene, containing over 1000 pages and more than 700 illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

## IMPROVEMENTS

ARE OF SUBSTANTIAL CHARACTER IN PADUCAH.

Dr. S. B. Caldwell Has Had Leisure to Study the Situation and Is Greatly Encouraged.

Dr. S. B. Caldwell, the well known capitalist and real estate man, was able to be at his office this morning for the first time after a four weeks' illness, and was much pleased with the outlook for Paducah.

"I have done a great deal of studying since my confinement at home," he stated, "and think that Paducah will be a big city before we know it. Every indication points that way and I am glad that it does."

"I have been intimately connected with Paducah for more than 60 years and have watched the city grow from year to year. First the class of houses were small and for tenants of small means. Gradually the betterment manifested itself and now we have no more building of small houses. This fever has left property owners and we have instead a general progressive spirit, which is very encouraging."

"The taxpayers and property owners lean towards a better class of improvements and the building being done is of the higher order. The houses are finer and better and this is an indication of prosperity. When men of money come into a city and build such residences as are now going up, it means that they are here to stay. They have been successful elsewhere and intend to be so here. It all goes to show the general tendency to progressiveness."

"I have seen nothing more substantial or encouraging than the status of improvements in Paducah, and predict that this city soon will take its stand among the best cities in the country, both in stability and size."

Dr. Caldwell is a real estate dealer and intimately associated with all real estate transactions. He is in a position to know of what he speaks and his views of Paducah's chances for rapid betterment will be received with satisfaction.

### CRITIC INTERRUPTS

Rockefeller, Jr., at the Young Millionaire's Bible Class Talk in Gotham.

New York, May 15.—A scuffer hurled a pointed shaft of sarcasm at John D. Rockefeller, Jr., Sunday while he was talking to his Bible class at the Fifth Avenue Baptist church.

"I admire the spirit that never gives up," said Mr. Rockefeller. "We've got to have it in our daily life. The man without it will never get anywhere. Opportunity will not seek us out. We must watch for it, and when it comes we must be quick to grasp it. We must make all we can out of it."

As he paused to let his words sink in, a man sitting in a front pew exclaimed:

"Yes, I guess the Standard Oil hasn't overlooked any opportunities."

Mr. Rockefeller pretended not to hear the remark and continued his discussion.

### WOMAN LYNCHED.

Body Is Buried But She Revived and Tells the Story.

Okaloosa, Miss., May 15.—Mrs. Mattie McIntosh, who is under bond for the murder of George McIntosh, her husband, was lynched by a mob last night, and left for dead. She finally recovered and walked back to town.

Mrs. McIntosh was arrested for the murder. She was released on a nominal bond of \$500, the justice holding that the actual murder was the work of some one else.

Incensed at the action of the justices a mob took her from her home last night. The members demanded that she reveal the names of her confederates. Failing to secure this confession they swung her up.

When the woman was lowered the second time she was an unconscious. An examination convinced the mob that she was dead. She was then taken to the woods, buried under some brush and leaves, and the mob dispersed.

### EDITOR IN JAIL.

Criticized Court and Was Sentenced by Judge for Contempt.

Indianapolis, May 15.—Fred L. Purdy, editor and publisher of the Indianapolis Sun was sentenced to thirty days in jail and a fine of \$250 by Judge Fremont Alford, of the Marion county criminal court, for an editorial criticism in the paper of Judge Alford's course in connection with the recent indictment of Robert Metzger, chief of police, for assault and battery on prisoners. Mr. Purdy was taken from the court room to the jail and locked up.

## MAYFIELD HABIT

PISTOL TOTTING WELL KNOWN TO PADUCAH POLICEMEN.

Lessons Learned in Police Court Impel Graves County Jags to Take to the Woods.

The fact that Mayfield is a "dry" town works many unpleasanties on Paducah, but the Mayfield "rounders" have become educated to the ways of Paducah and are fast learning how to enjoy themselves without danger of molestation from officers while in Paducah for a "high old time."

Yesterday an example of the lessons taught from police court experiences was seen in the woods near the Illinois Central coal chute in the south yards. Two Mayfield "rounders" had come to Paducah to enjoy themselves, and they were succeeding admirably. Both had the usual array of firearms and cutlery, characteristic of the average Mayfieldite at home, and made "no bones" of displaying them. They also were supplied with a liberal amount of liquor not so characteristic, and were rolling about the woods, shooting and drinking to their hearts' content.

"They remained in the woods all day long," Officer Dick Tolbert, of the Illinois Central private force, declared. "They were harming to one and I did not deem it necessary to interfere. They were outside the corporate limits of the city and of railroad property. They caught the late train home to Mayfield, I think satisfied with their stunt. They had succeeded in escaping arrest."

### CARRY GUNS.

Nine arrests out of ten of Mayfield men formerly developed a case of concealed weapons, and the first thing a police officer would do if he knew a prisoner was from Mayfield would be to search him for a gun. Several fines and jail sentences for carrying pistol and knife have taught them a lesson. They now "take to the woods."

A good complexion is impossible with the stomach out of order. ## Forty Years Between

By LLOYD OSBOURNE

Copyright by the S. S. McClure Co.

Dawn was breaking as he slowed down to leeward of the island and watched the shadows melt away. It was Sunday, a day of heavenly calm, fresh yet windless, with a sea so smooth that the barrier reefs for once were silent, and one could hear from across the hushed and shining water the coo of pigeons in the forest. Under bare steeple way, with the leadman droning in the forechains, the ship hugged the shore and steamed at a snail's pace round the island.

With every mile the bays and wooded promontories grew increasingly familiar as Sir John was borne toward Lihua, the scene of his boyish folly. He looked ashore in wonder, surprised at the vividness and exactness of his recollection.

It was like a home coming to see all these familiar scenes spreading out before him. He looked at his hands, his thin, veined, wrinkled hands, and it came over him, with a sort of surprise, that he was an old man.

"That was forty years ago," he said to himself. "Forty years ago!"

As Lihua opened out and he perceived with an inexpressible pang the thatched houses set deep in the shade of palms and breadfruit trees he felt himself in the throes of a strange and painful indecision. He paced up and down the bridge, he lit a cigar and threw it away again, he twice approached Commander Stillwell as though to give an order, and then, still in doubt, turned shamefacedly on his heel.

"By the deep, nine!" came the hoarse murmur of the leadman.

It lay with him to stop the ship or not—a word and she would come shivering to a standstill; a word and the boatswain would pipe away his gig and the crew would be running to their places. His heart ached with the desire to land, but something—he knew not what—withheld the order on his lips.

Did he not owe it to her to keep the promise of forty years, a promise given in the flush of youth and hope and sealed with scalding tears?

His resolution was taken. He ordered Commander Stillwell to stop the ship and lower a boat.

"I am going to treat myself to a run ashore," he said by way of explanation. The vessel slowly stopped. The covers were whipped off the gig. She was hoisted out and lowered, the crew dropping down the ladder into their places at the peep-peep-peep of the whistle.

He was landed at a little cove where in bygone days he had often whiled away an hour waiting in charge of Hadow's boat. It gave him a singular sensation to feel the keel grate against the shingle and to say to himself that this was Lihua! He drew a deep breath as he looked about and noticed how unchanged it all was.

It came over him with a start that the village was empty. Then he remembered it was Sunday, and they were all at church. Thank God, there was none to watch him! No prying, curious eyes to disturb his thoughts. But they would soon be out again, and it behooved him to make the best use of his solitude while he might. He struck inland, his heart beating with a curious expectancy. At every sound he held his breath, and he would turn quickly and look back with a haunting sense that Tehea was near him; that perhaps she was gazing at him through the trees. He approached his old home through overgrown plantations. It ached him to part the branches and to feel himself drawing near at every step to the only house he had ever called his own. As he heard the splashing waterfall he stopped, not daring for the moment to go on. When at last he did so and mounted the little hill he found no house at all. Nothing but ferns and weeds, man high. He moved about here and there, up to the armpits in verdure, in consternation at discovering it gone.

His foot struck against a bowlder. He had forgotten that there were rocks on the hill. He moved along and his foot struck again. He pressed the weeds back and looked down.

He saw a tomb of crumbling cement, green with age and buried out of sight under the tangle.

It had never occurred to him before that Tehea might be dead.

He held back the undergrowth again and peered into the depths. Yes, it was the grave of a chief or a woman of rank. He laid both hands on the thick stem of a shrub and tore it out of the ground. He seized another and dragged it out with the same ferocity. It was intolerable that she should suffocate under all this warm, wet jungle that intruded itself, like a horrible cannibal, where there was room to drive it back. He would give her air and sunshine, she that had loved them both. He would uncover the poor stones that marked her last resting place. He would lay bare the earth that wrapped her dead beauty.

He worked with desperation until his hands were bleeding, until his eyes were stung and blinded with steaming sweat. Dizzy with the heat, parched with thirst and sick with the steam that rose from the damp ground, he was forced again and again to desist and rest. He cut his waistcoat into slips and bound them round his bloody hands. He broke the blades of his penknife on recalcitrant roots that defied the strength of his arms. He labored with fury to complete the task he had set before him. Here he stood within four walls of vegetation, the sky above him, the cracked and rotted tomb below, satisfied at last by the accomplishment of his duty.

He called her aloud by name. He bent down and kissed her mossy bed. He whispered with a strange conviction that she could hear him, that he had kept his promise to return.

Then, rising to his feet, he turned toward the sea and retraced his steps. The people were still in church, and the village was deserted as before. He walked swiftly lest they might come flocking out before he could reach his boat to torture him with recognition, with the questions they would ask, with

He had kept his promise to return.

their story of Tehea's death. Then he laughed at his own fears, remembering his white hair and the intervening generation. Time had passed over Borabora too. The world, he remembered, was older by forty years. Older and sadder and emptier.

He swung himself up the ladder, mounted the bridge and put the vessel on her course. The telegraph rang, the engineers repeated back the signal, and the great battleship, vibrating with her mighty engines, resumed once more her ponderous way.

THE END.

## HASHBESH

DREAMS DESCRIBED BY HARD-HEADED BRITISHER.

Mysterious Indian Potluch Carries Him Away Into Land of Dreams Among Friends.

London, May 15.—A hard-headed unimaginative citizen of busy Bradford has had a mysterious experience under the influence of an Indian powder supposed to possess occult powers. He received the powder from a friend in India, who declared that if used properly it would send him into the land of visions and put him into communication with departed friends.

Although, he quite disbelieved this claim, he followed instructions with astonishing results. He has described the experience in the occult magazine, "Light" as follows:

"I was sitting in a room alone. Within a few minutes the walls of the room seemed to recede or vanish and a beautiful panoramic view presented itself—a sort of exquisite flower garden on a huge scale with pathway stretching away as far as the eye could reach.

"No buildings or inhabitants were anywhere visible, but of people there were thousands, of both sexes, clothed in ordinary attire, and moving in groups along the paths."

### CIVIL SERVICE.

Examination Will Be Held in Paducah June 6.

The death of Mr. Charles Holliday and promotion of extra mail carriers and clerks in the local postoffice department, has necessitated an examination for local civil service, and authority for such an examination was received this morning. Mr. Fred B. Ashton, local service examiner, will hold the examinations on June 6 on the third floor of the postoffice. No charge is attached to applications, and there likely will be several to stand this tests. The orders read "examinations for clerk and carrier in the postoffice at Paducah, Ky."

### ARCHITECT

Will Accompany Committee on Tour of Inspection Today.

Today the fiscal court committee with Mr. A. L. Lassiter, the architect, who will draw the plans, will go out to the new county poor farm and select the spot where the new poor house will stand. The poor farm is opposite Mt. Kenton cemetery on the Lovelaceville road two miles from Wallace park. The new building will be one story, of brick and contain 40 rooms, 32 of which will be for the inmates. It will cost between \$8,000 and \$10,000.

### DECORATION DAY.

Will Be Observed by James Walbert Camp U. C. V.

The James Walbert camp of Confederate veterans will meet tonight in regular session at the city hall and take up the matter of holding a Decoration Day. Decoration Day is being observed by many Confederate camps throughout the South and it is more than probable that the local camp will observe the day. There is nothing of especial importance to be acted on tonight other than this one matter.

### Herbine

Will overcome indigestion and dyspepsia; regulate the bowels and cure liver and kidney complaints. It is the best blood enricher and invigorator in the world. It is purely vegetable, perfectly harmless, and should you be a sufferer from disease, you will use it if you are wise.

R. N. Andrews, editor and Mgr. Cocoa and Rockledge News, Cocoa, Fla., writes: I have used your Herbine in my family, and find it a most excellent medicine. Its effects upon myself have been a marked benefit. Sold by Alvey & List.

### On Philippine Tariff.

Secretary Taft will be the guest of honor at the eleventh annual convention dinner of the national association of Manufacturers in New York, May 16. The sessions of the convention will last from May 15 to 17. Secretary Taft is expected to speak on the Philippine tariff.

### Growing Aches and Pains.

Mrs. Josie Sumner, Bremond, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used." 25c, 50c and \$1.00.

Sold by Alvey & List.

### Immigration Bill.

Senator Dillingham, chairman of the committee on immigration, probably will make an effort to get action on the immigration bill, but the present prospect is that measure will arouse little if any controversy.

## COURSE OF STUDY

WILL BE ARRANGED FOR COUNTY SCHOOLS OF KENTUCKY.

Superintendent Fuqua Calls Meeting of County Educators At Frankfort May 22.

County superintendents are in receipt of letters from Prof. Fuqua, state superintendent of public instruction, asking them to go to Frankfort on May 22 to meet for the purpose of arranging a course of study and daily program for use in the common schools of the state. The superintendent believes that a general course of study and a program, to be followed in all schools, will be of great benefit to the teachers and also to the pupils. The superintendent has also sent out a circular letter calling attention of county superintendents to the act of the general assembly, at the late regular session, making it a felony to dispose of examination questions to applicants for certificates to teach in the common schools. The measure is a drastic one, but it is deemed necessary to stop the practice of peddling questions, which are of so much importance to the cause of education. He asks the co-operation of the superintendents and the teachers to the end that all violators of the new law may be punished.

### Dangers of Defective Plumbing.

Defective plumbing permits the entrance into the house of sewer gas bearing germs of contagious diseases to which the human system readily succumbs.

Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures.

If in doubt, consult us regarding the piping and replacing defective fixtures with "Standard" Porcelain Enameled Ware—acknowledged as the best sanitary equipment.

## LIGHTING PLANT MAY BE REPAIRED

Aldermen Consider Matter Favorably and Refer It.

Board of Public Works and Light Committee Given Power to Purchase Alternating Machine.

### BOND ISSUE PETITION IS HELD

The aldermanic board started out last night to buy an alternating machine for temporary improvements at the city light plant, but before the matter was finally acted on had decided to give the light committee power to act in making what repairs are necessary. The committee is to act with the board of public works, and it may mean general repairs to the light plant.

The board also took up the matter of repairing defective drainage in Tyler. If the city builds a culvert to drain water off the Rudolph Street farm, a suit will be brought for damages by A. N. Sears, as it will drain water onto his farm. The only plausible solution to the difficulty is to purchase a piece of property from Sears, but the city engineer was instructed to go ahead and build the culvert, the city to stand chances from a suit by Sears.

The minutes of the last regular called and adjourned meetings were adopted.

Alderman Miller took the chair while Mayor Pro Tem O. B. Starks read the "Mayor's Business."

A contract with Geo. Ingram to build an addition to No. 2 fire station was ratified, and the mayor ordered to sign it.

The appointment of the board of park commissioners was ratified, and the bonds of the members ratified.

A receipt for public ordinances and papers from E. H. Puryear, who will revise them, was filed.

The sale of the delinquent city tax list for \$5,786.91 to Auditor Kirkland, for the city, was ratified.

A report from the board of public works relative to additional teams and wagons to perfect a street cleaning system, was referred.

The refusal of F. O. Evertz to accept the office of city wire inspector was filed and the appointment was W. J. McPherson as a successor, ratified.

The matter of building concrete sidewalk, curb and gutters on Fountain avenue between Jefferson and Monroe streets, was referred. An ordinance will be brought in covering the matter.

### Tenth Street Boulevard.

A request from the board of park commissioners was filed. The commissioners wish to extend South Tenth street from Broadway to the city limits making it a double street or boulevard with trees in the center. In order to do this the city was asked to buy 100 feet of the Puryear property, a part of which the city has already bought for opening Tenth street from Broadway to Kentucky avenue. The matter was referred to the street committee.

A receipt for \$9,000 borrowed money to meet city expenses, was filed.

A petition for the council to rebuild Island Creek bridge, or to stand a portion of the expense, in order that the car lines be extended to Mechanicsburg, was filed.

A letter from the board of health, by Health Officer W. T. Graves, calling attention to filthy gutters and unsanitary places in the city, was filed.

A resolution, providing rules and regulations to prevent the spread of tuberculosis, was given first reading.

The bond of Robert and James Owen, purchasers of the ferrisage franchise, was accepted.

All matters pertaining to the carnival were filed away.

A petition for improvements to Jarrett street was sent back to property owners for revision. The petition was not in proper shape.

The board of public works asked for authority to widen Jefferson street culvert, near Fountain avenue, to permit widening the streets and making sidewalk improvements. The matter was referred to the street committee and board of public works with power to act.

The board of public works was given authority to shut down the city light plant for repairs.

The board also asked that additional machinery be bought for temporary use in the plant. No action was taken in this matter.

A petition for the extension of water mains on West Madison street was referred to the water company; also another petition for the same improvement on Mill street in Mechanicsburg.

# ROBERTS

325 Broadway

Paducah, Ky.

to Broadway on Ninth street was reported.

### Municipal Ownership.

A petition asking that the board put the matter of municipal ownership of water and light plants before the people at the next regular election, for an expression in votes, was read. Alderman Palmer moved to "table" the petition until a demonstration showing that the idea was generally popular, was made. The motion was lost.

Alderman Miller moved that the petition be "received and filed," and this too was lost. In each instance the vote was a tie, 3 to 3.

Alderman Palmer then moved that the matter be "tabled" until a petition was filed with the board showing 1,000 or more signers.

Alderman Miller believed that no fixed number of names could be set in such a matter, because the popularity of the idea could readily be seen in a vote, if a ballot is taken. He was in favor of letting the people express themselves, the expense being small.

This brought on more general discussion and the matter was finally deferred until the full membership in the board was present.

Work on the No. 2 fire station building addition was reported progressing.

Coffee house licenses were granted W. B. Wise, at 106 South Third street, and G. A. Chandler, near Seventh street, on Tennessee street.

A petition asking for an ordinance providing a "rendering plant" for disposing of dead animals and garbage taken from the city streets, was referred.

Several deeds and transfers to lots in Oak Grove cemetery were ratified.

A prayer for relief from overassessment from Charles Speck was read and ordered corrected.

The board of works was instructed to remove rocks on North Seventh street; also other similar obstructions on the streets.

The city engineer was instructed to give Mr. C. K. Wheeler a grade to enable him to make sidewalk improvements at his home, Fifth street and Kentucky avenue.

The matter of buying an alternating machine for the city light plant, was favorably acted on. This will enable the city to run the plant possibly a year longer, and the machine can be used if the plant is remodeled and enlarged. The light committee and board of public works were given power to act.

The Ferguson & Palmer Mill Co. and the city are in a controversy over estimates on the street improvement at Third and Elizabeth streets. The amount is \$186. Mr. Palmer

agreed to pay \$86 as a compromise to avoid a suit for his company and the city also. The action of the lower board in accepting the compromise was adopted.

### Sears Controversy.

Alderman Farley urged that a culvert be installed on Bridge street to prevent further damage to Rudolph Street's farm by defective drainage. Street has secured two verdicts for damages against the city because of this defect.

City Engineer Washington stated that he started to build the culvert but was threatened by A. N. Sears whose property will be damaged if the sewer is built, as it will back water upon the Sears farm. This matter is familiar to the public, having gained much publicity two years ago. The motion to have the engineer build the culvert was made, but an amendment offered to refer to a committee to confer with Mr. Sears. President Noble, of the board of public works, stated that the only way the city can get out of the difficulty is to buy a portion of the Sears property and build the culvert.

The motion to have the engineer build the culvert at once was adopted.

Alderman Miller moved to have the board of public works dig gutters and install eight inch sewers for a distance of one and a half squares to carry off stagnating water from North Eighth street.

Alderman Palmer moved to have part of the expense borne by the Starks-Ullman company, and the Smith and Scott Tobacco company, both factories running water into the gutters.

The motion was lost. Alderman Starks stated that he thought the defect due to improper grading, and the fault of the city. He intimated his firm would bring a suit against the city to test it, if something is not done at once.

City Engineer Washington suggested that street contracts be let as a whole, not in single contracts for each separate ordinance. This will save him work in writing contracts, and facilitate the work when started. Alderman Miller made a motion covering the point. It carried.

On motion the board adjourned.

### Not a Candidate.

Dr. J. N. McCormack, secretary of the state board of Health, has issued a card denying that he has any intention of becoming a candidate for governor of Kentucky.

### Marriage Licenses.

Allen Rice, colored, age 20, and Cora Campbell, age 20, were licensed to wed this afternoon.

## OLD STAMP

GETS NEGRO SECTION HAND IN TROUBLE WITH UNCLE SAM.

Prisoner Says It Was Mistake and He Seems to Be Well Thought of By Employers.

"If I wanted to defraud the government, guess I'd beat it out of more than two cents," said A. W. Lewis, a negro who was arrested yesterday by Wade Brown, deputy United States marshal, and brought to Paducah this morning.

The charge is using a cancelled postage stamp and the prisoner admits the letter on which the incriminating stamp was found was written, addressed and mailed by him. His excuse is that he kept stamps in his pocket and he supposed one came off an old letter and he used it by mistake.

Lewis, whose home address is Caley, Hickman county, works on the section and is an intelligent fellow. He invented a drawbar in use on the railroad. Company officials offered to go on his bond, Marshal Brown is keeping the prisoner in the yard at his home until Armour Gardner, United States commissioner, returns to the city, so Lewis can make bond.

## DIOCESAN COUNCIL

SESSIONS OPEN TONIGHT WITH ADDRESS AND CONFIRMATION.

Will Continue Two Days at Grace Episcopal Church in This City.

The opening service of the 78th Diocesan Council of Kentucky, to be in session for two days at Grace Episcopal church, will be held tonight at the church. Rev. William K. Marshall, rector of Christ church, Bowling Green, will preach the sermon after the service of evening prayer is held. Following the sermon, Bishop Charles E. Woodcock will administer the rite of confirmation to a class from Grace Episcopal church.

The day session of the council will be devoted to reports from the parishes of the diocese. Grace church, Paducah, has a very excellent year's work to show. Rev. David O. Wright, the rector, has just received a "rear book" covering the work of the church, spiritual and financial, and it is a fine showing. This includes, of course, the handsome new parish house recently erected by the church.

The delegates to the council have been coming in all day, some arriving by boat this morning; others from Fulton, Mayfield, Hopkinsville, Morganfield and adjacent towns at noon and this afternoon, but the majority will come from Louisville and the central part of the state this evening at six. This delegation will include the Right Reverend and Mrs. Charles E. Woodcock, Dean and Mrs. Charles Clark, Archdeacon M. Y. Benton and others of Louisville.
